TREASURER'S REPORT

The 2017 financial year for the NSWAFUA saw the association record a loss \$2642.97 throughout the financial year. This is attributed to the paying of our grant from the AFL for the 2017 financial year during the 2018 financial year, and therefore when this is considered the association is in a positive financial position coming into the next financial year.

There were few major costs for the association during the year, with almost all of our expenditure going towards the end of season function. It was always planned that the year would be relatively low cost due to plans for the seasons ahead, and the entire association being elected in midway through the financial year.

Nicholas Ford

Treasurer
